The monastery was founded in 1051, today is a UNESCO World Heritage Site, and was voted one of the Seven Wonders of Ukraine recently. There are truly few places in the world that are as strikingly beautiful and supremely tranquil. The complex includes 20 hectares of territory with 16 churches, two underground cave systems that contain the mummified remains of Orthodox saints and their relics, a central cathedral, seminary, and a (recently reopened after reconstruction) 96.5 meter tall bell tower. This is a deep cultural experience.*

There are few places on Earth like the \$75 million residence of Ukraine's notorious 4th president, Viktor Yanukovich. Since fleeing the country, this luxurious site, known as Mezhyhirya, has been opened to the public and has become a must-see destination for locals and tourists alike. From the ostriches in his private zoo, to the replica Spanish galleon, to the exquisite landscaping across the expansive 140 hectares of territory, you'll see firsthand why Yanukovich was named by Transparency International as the world's most corrupt politician in 2016.
